SEA OTTER CLASSIC

PRESENTED BY

Sea Otter Classic - 2024

Volunteer Communication Support

INCIDENT/EVENT ACTION PLAN

OPERATIONAL PERIOD 4/18-21/2024 @ 0600-1930

INITIAL VERSION - 04/08/2024

UPDATE / SUPPLIMENTS MAY BE ADDED AT EVENT TIME
ASSIGNMENTS WILL SHIFT AS CONDITIONS CHANGE

INCIDENT OBJECTIVES	1. Incident Name	2. Date	3. Time		
4. Operational Period	Sea Otter Classic 2024	4/9/2024	1630		
Date: 4/17/2024 - 4/21/2024 Time: 0600 - 1930					
5. General Control Objectives for the Incident (include alternatives) <ul style="list-style-type: none"> • Amateur radio operators will primarily be “Back Country” communicators entrusted with reporting medical emergencies, logistics, and health and welfare traffic throughout the course in coordination with the Laguna Seca Communications fire/medical dispatchers. • Observe and report potential or existing hazards to net control. 					
6. Weather Forecast for the Period Most current at the time of this printing the Weather Forecast is attached. - Subject to change					
7. General Safety Message Amateur radio communicators should stay out of the riding path placing their vehicle as far away from the riding path as possible to avoid collisions. The best possible parking space is either well behind the riders if they are entering the roadway or if they will be in your path at a "feed zone," park down the road and past where they will be turning. If parking down hill, the vehicle should be placed 3-4 car lengths down the road, but not in the directions the riders will be turning. <u>Radio amateurs in the vicinity of marshal points should stay well away from the cyclist path and be alert for riders that might suddenly lose control.</u> Separate training was provided for awareness of Unexploded ordnances (UXO) possible on Fort Ord property. Remember the Recognize, Retreat and Report process. When exiting the “BLM Public Lands” be especially watchful for stray and recreational bicyclists, occasional horses and range sheep, and yield the “right-of-way” to any. Do NOT stray into the “bush.” There is possible unstable military explosive ordnance (artillery shells, ammunition, hand grenades, etc.) even in the non-posted areas, but most of these areas are posted. Also, native poison oak flourishes along with ticks , some as small as a pin head. Native plants should not be trampled, and some are recovering or delicate. Over 44 different species of endangered and rare plants and animals live here on the Fort Ord Public Lands (FOPL). Some areas are posted “Native Plant Preserve.” Thanks for your cooperation. Snakes have been spotted in the past as well, so stay alert!

Prepared By (Communications Unit) Timothy S. Takeuchi - COM-L (T) - W6TST (831) 245-7895	Repeater Location: Laguna Seca SCRA County: Monterey; State: CA	USNG: 10S FF 11864 50216 36°35.45243'N, 121°44.96762'W
--	--	---

The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (e.g. Project 25) or "M" indicating mixed mode. All channels are shown as if programmed in a control station, mobile or portable radio. Repeater and base stations must be programmed with the Rx and Tx reversed.

8. MEDICAL EMERGENCY PROCEDURES

NOTE: Monterey County Regional Fire District (MCRFD) has command control of all emergency and medical decisions in the field. Information in this plan is only to be used if MCRFD is not available or reachable.

- Contact Net Control - Specify Exact Location; Nature of the Emergency
- If unable to reach net control, call 911 from your cellular phone. Then notify net control when possible for information and awareness of the incident.

First Aid/Medical: Tim Viall: @ Med Tent 1 on Ch2 / Laguna Seca Coms: 831-242-8236
